Memorandum for the Record

Subject: Brig. Gen. Julius Klein

1. In response to the letter to the Director from Gen. Julius Klein, who is undertaking a special mission to Europe for the Senate Appropriations Committee, I have called Gen. Klein at his New York office and informed him that unfortunately he and the Director will probably pass each other in mid-ocean, and therefore the Director will be unavailable in Europe when the General arrives.

2. The General stated that his only interest in contacting Mr. Dulles was to be of any assistance possible to the Agency, particularly in the writing of his final report or in oral briefings in executive session. He feels that ours is the most important agency of the Government and he wishes to say so wherever it will do the most good.

4. The General is sailing on September 3rd and would appreciate before that time the names of any contacts or any other information we may care to give him.
